The KapraCoast Story

Our name combines Kapra (the Urdu word for cloth) and Coast, reflecting both our roots in Karachi's historic textile trade and our commitment to cleaner, more sustainable production.

We strive to minimise environmental impact through ethical sourcing and responsible manufacturing practices. The welfare of our employees remains central to everything we do, supported by initiatives and programmes that ensure a safe, fair, and supportive working environment.

KAPRACOAST
SYNERGY

The Synergy range is engineered for demanding work environments where protection, comfort, and adaptability are essential. It includes insulated outerwear, mid-layer garments, high-performance trousers, and breathable polos designed to work together as a complete layering system. Each piece is developed to deliver reliable performance, functional comfort, and durability across varying job roles and weather conditions.

MANUFACTURING

Our manufacturing combines skilled craftsmanship with advanced technology to deliver consistent, precise, and ethically produced workwear at scale. Operating from our 102,000 sq. ft., four-floor facility in Karachi, we manage the entire process in-house, from design to final stitching. The facility runs 10 production lines per floor and is supported by 700+ experienced professionals, ensuring quality, safety, and attention to detail at every stage.

Manufacturing a complete product range under one roof enables high flexibility and fast response. With low MOQs, clients can consolidate multiple product categories into a single container, improving cash flow, reducing inventory pressure, and minimising large stock requirements. Sustainability is integral to our operations. Solar-powered systems, optimised material usage, waste reduction, and continuous process improvement help minimise environmental impact while maintaining responsible manufacturing standards.

Key Product Capabilities

Knitted Garments
Quality assured, with attention to detail in every stitch

Woven Garments
Exceptional durability and craftsmanship

Water Resistant Garments
Developed with precision to ensure ultimate protection

By sourcing your entire range from a single trusted partner, you benefit from consistent quality across all products while simplifying compliance and audit requirements to one supplier. Streamlined logistics, easier stock management, and smoother day-to-day operations deliver both peace of mind and long-term operational efficiency.

WHO WE SERVE

As pioneers of high-visibility garment manufacturing in Pakistan, we specialise in producing high-quality workwear and offer a broad range of solutions for diverse industrial sectors.

Our services are tailored for brands and distributors looking for a trusted manufacturing partner to bring their vision to life.

Based in Karachi, a major textile hub and port city, we operate at the intersection of high-volume production, certified quality, and responsible sourcing.

Manufacturing Excellence

With decades of experience, we deliver unmatched quality and reliability.

Sourcing Excellence

We source high quality materials guaranteeing availability and high-quality production.

Production Capacity

Over 2 million garments manufactured per annum.

Space & Infrastructure

Our facility spans over 100,000 square feet, production spread across 4 floors.

Our Team

A dedicated workforce of over 700 skilled employees, ensuring efficient and timely delivery.

Recent Developments

Our factory was rebuilt and expanded in 2021, reinforcing our commitment to growth and technological advancement.

TESTING

At KapraCoast, every garment is tested to perform in real working conditions. We work with internationally recognised testing laboratories to ensure our products meet stringent durability, protection, and safety requirements. From stitch strength and seam performance to fabric behaviour and thermal comfort, each garment undergoes thorough evaluation to deliver consistent quality, reliability, and long-term performance.

TECHNOLOGIES

THE NEXT GENERATION OF WORKWEAR IS HERE. KAPRACOAST INTEGRATES CUTTING-EDGE TECHNOLOGIES TO ENHANCE PROTECTION, DURABILITY, AND COMFORT, INCLUDING:

BREATHABLE WATERPROOF MEMBRANES
Providing all-weather protection without sacrificing breathability.

HEAT-SEALED SEAMS
Reinforcing garments for extreme durability and longevity.

MOISTURE-WICKING FABRICS
Keeping workers dry and comfortable throughout the day.

HIGH-VISIBILITY
Ensuring workers remain visible and protected in hazardous environments.

CERTIFICATES

We are committed to upholding the highest standards of quality, safety, and ethical manufacturing. Our certifications reflect this commitment and demonstrate our dedication to improving the lives of workers, customers, and communities. Each certification plays a crucial role in how we operate, ensuring our products are safe, durable, and environmentally responsible.

ISO 9001
Quality Management System

ISO 14001
Environmental Management System

ISO 45001
Health & Safety Management System

Ethical Manufacturing
Transparency, Fairness, and Full Traceability

OEKO-TEX Standard 100
Ensuring fabrics are free from harmful substances

GRS (Global Recycled Standard)
Verifies recycled materials meet strict environmental, social and chemical requirements

Responsible Sourcing
Certified recycled material with traceability across the supply chain.

SERVICE

SAMPLING & PRODUCTION

Expert garment sampling and production services turn brand concepts into reality with precision and efficiency. From sample development to full-scale manufacturing, every piece is produced to meet international quality standards, ensuring consistency and reliability at every step.

SOURCING & MANAGEMENT

Successful garment production starts with high quality materials. We have built strong, long-term relationships with leading fabric mills worldwide. These partnerships enable us to access a wide range of high-performance fabrics essential for crafting durable workwear. We prioritise using the best products for your garments, including flame-resistant textiles, moisture-wicking fabrics, and breathable materials. Our mission is to ensure that every garment we produce is designed to withstand tough working conditions while providing maximum comfort and safety.

PATTERN CUTTING & GRADING

We specialise in professional pattern cutting and grading services to meet the exact needs of your garment production. With a skilled team, including a master pattern maker, we deliver precision and accuracy to ensure your garments are ready for production, whether for fashion, workwear, or specialist apparel.

DESIGN DEVELOPMENT & TECH PACKS

KapraCoast specialises in custom workwear design and manufacturing, delivering premium garments built to your exact specifications. Our expert design team and advanced production capabilities ensure workwear that elevates both performance and brand identity.

balqees
welfare
foundation
KapraCoast supports Balqees Welfare Foundation (BWF) in its commitment to helping disadvantaged communities, alleviating poverty, and improving the lives of those in need.
FROM THE CLASSROOM TO THE SKIES,
EDUCATION PAVES THE WAY.

PURPOSE WOVEN IN

At KapraCoast, sustainability is not limited to responsible sourcing or ethical manufacturing, it also extends to how our success contributes to the lives of others. Balqees Welfare Foundation (BWF) is the humanitarian arm supported through KapraCoast's profit-sharing model. Through this structure, a portion of our commercial success is consistently reinvested into programs that address food security, healthcare, education, and emergency relief for underprivileged communities across Pakistan.

CREATING MEASURABLE SOCIAL IMPACT

Through BWF, KapraCoast supports carefully structured, impact-driven initiatives that focus on dignity, sustainability, and long-term benefit. These include:
In the 2024–2025 period alone, BWF programs reached thousands of direct beneficiaries and tens of thousands indirectly, creating tangible improvements in health, recovery, and opportunity.
Medical professionals working with BWF have reported visible improvements in patient recovery where consistent nutritional support is provided, reinforcing the belief that responsible care begins with nourishment, stability, and dignity.

Education Program
Education & Literacy Program is a fully integrated initiative focused on delivering long-term, measurable educational impact.

Food Assistance
Supporting vulnerable families with essential, nutritious monthly food packages to reduce malnutrition and household burden.

Medical Support
Facilitating access to medical care and health services, while also providing nutritious support to underserved communities.

Hardship Grants
Providing financial relief to families, widows, orphans, and persons with disabilities facing socioeconomic vulnerabilities.
